

1629. 40

I was in the milliner's  
the other day trying to find  
a hat. They showed me some

Now which  
would you get if you  
were I?

I was in Crane's  
the other day picking out  
a dress. Here is a sample  
of it. Isn't it beautiful? I  
am going to make it like  
this

I saw one the other  
day like this. No,  
really it is not one leg of  
some man's trousers  
but a really, truly Paris dress.  
She could not run after her  
hat, could she? If she did, she  
would go rolling

I hope you are getting  
well rapidly and will
